MEDIC Course Description:

MEDIC Table Training is a 5 day course with an emphasis on Tactical Combat Casualty Care (TC3) as well as EMT-Basic Refresher training. All 68W Soldiers are required to complete Training Tables I-VII and Table VIII Validation annually as outlined in TC 8-800. Completing Tables I-VII provides the 68W with 48 hours of CEU's toward their NREMT re-registration. Completion Table VIII Validation meets the verification of skill competence.

Completion of MEDIC Table Training is required annually to meet NREMT re-registration requirements.

Prerequisites:

- Registration forms should be submitted no later than 30 days prior to class start date.
- Unit S3 must forward a memorandum to the MSTC requesting MEDIC training for their Soldiers.
- Units must MIPR funds as described below to purchase Class VIII training supplies.
- Soldiers must have a MOS of 68W.
- Soldiers must have a current NREMT-B certification or higher.
- Soldiers must have a current BLS card.
- Soldiers must have the ability to lift up to 125 pounds.

Scheduling a MEDIC Course:

Units who wish to schedule their personnel for a MEDIC Course may contact the MSTC at 719-526-2820 or email carson.mstc1@us.army.mil. All Soldiers will be required to bring their IBA, ACH/Kevlar and water source on the last day for outdoor training.

The MSTC requires a memorandum from the Battalion S3 including course dates and personnel roster of students to be enrolled. This request needs to be forwarded to the MSTC at the time of scheduling to secure the course dates.

Class VIII Expendable Supplies:

Unit commanders will be required to resource the Class VIII expendable supplies to the MSTC in one of two ways.

1. Provide the following supplies to the MSTC five (5) duty days prior to the start date of training. Class VIII supplies will need to be ordered at least 4 weeks prior training to ensure all supplies are available.
2. MIPR the funds for training NLT four (4) weeks prior to the start date of training to the MSTC account. Contact Karen Steiner at 719-526-0419 to arrange for MIPR of funds. Please fax a copy of the MIPR to Mr. Tim Olsen at 719-526-5351 as well as to Karen Steiner.

*See the list of supplies below; most items are per soldier and will require units to order accordingly.

Please arrange to have the following supplies delivered to the MSTC building at least 5 duty days prior to the start date of training:

Nomenclature	U/I	NSN	Cost	Total Needed Per Individual Soldier	Total Cost Per Soldier
